 Office of Data and Accountability

Matt Hill, Chief Strategy Officer

**DATE:** September 15 , 2014

**ROUTING**  
 ESC Administration  
 Principals  
 Assistant Principals  
 Testing Coordinators

**PURPOSE:** The purpose of this Memorandum is to inform schools of the locations and contact information for the Student Testing Branch’s testing centers, and to inform schools of the testing center assignments for the 2014-15 school year.

**MAJOR CHANGES:** No major changes.

**GUIDELINES:** I. BACKGROUND

Testing centers handle the collection of all test materials for the California Assessment of Student Performance and Progress, the California English Language Development Test, the California High School Exit Exam, and the Physical Fitness Test. All test materials must be submitted on due dates outlined in the Administration Instructions for each test. Administration Instructions are posted on the Student Testing Branch web page.

II. TESTING CENTER ASSIGNMENTS

There are four testing centers available to service schools in the District. Testing center contact information is found on Attachment A. All schools are assigned to the testing center located within geographical location of the ESCs except for a small number of schools. Schools found to be closer to a testing center in another ESC have been assigned accordingly. See Attachment B for the list of testing center assignments.

**ASSISTANCE:** For assistance or further information, please contact the Student Testing Branch, at (213) 241-4104.

For assistance with directions, hours of operation, closure dates, contact your assigned testing center.
