

## **Directions for beginning or modifying a TSA**

Please visit the retirement manager website at [www.aigretco.com](http://www.aigretco.com) for enrollments or any modifications to your account. You may start or stop your payroll deductions by visiting this website. However, you must also complete an account application with your selected deferred compensation vendor prior to beginning payroll deductions. Failure to open an account with your selected vendor will delay contributions to your deferred compensation plan.

**To obtain assistance with problems or questions related to the website, please call 888-569-7055.**
