#### **POLICY:**

The expulsion of a student is the most severe disciplinary action a school district can take in response to student misconduct. Expulsion results in the prolonged removal of a student from the regular school program and should be considered only in the most severe cases or when the state mandates a recommendation to expel for the misconduct. Every decision to recommend expulsion must be preceded by and based on a thorough investigation and should be deliberative and consistent with the District's Discipline Foundation Policy: School-Wide Positive Behavior Support.

A system of immediate and appropriate responses to student misbehavior, such as positive behavior support, strategic interventions, or the Three-Tiered approach as described in the Discipline Foundation Policy will assist school administrators to effectively address and correct patterns of student misconduct. In addition, the system will provide support to students who may be on the verge of misbehaving and perhaps prevent future misconduct. It is only when these methods fail, or when the misbehavior poses a serious safety risk to individuals on campus or during a school-sponsored activity, that expulsion should be considered.

### MAJOR: CHANGES:

This Bulletin replaces BUL-4655 of the same name, dated March 13, 2009. It revises the District's procedures and requirements of student expulsion and provides updates of Federal and State laws relating to student expulsion.

1. Interim Alternative Placements (Page 10)

Educational placements for general education students are to be made by the AB 922 Placement Advisor. Special Education student placements are to be made between the referring school and its Special Education Support Unit.

2. Local District Superintendent Responsibility (Page 13)

Local District (LD) Superintendents must verify whether or not they are in support of the non-mandatory expulsion recommendations made by the school principals from their Local District with the focus on school's interventions for the student's previous misconduct. The principal should prepare the case documents and provide them to the LD Superintendent within five (5) school days from the date of the expulsion referral. It is also the LD Superintendent's responsibility to support the expulsion process by providing Expulsion Review Committee (ERC) members to serve on expulsion panels.

3. Placement of Students Who Are Not Recommended for Expulsion (Page 20)

Students who are <u>not recommended</u> for <u>expulsion</u> (NRE) shall be returned to the referring school unless the school principal can provide good cause, supported by

facts, to deny such arrangement.

4. Placement of Other District's Expellees (ODE) Who Are Denied Admission and Who Are Repeat Offenders (Page 21)

The District may deny enrollment for students who were expelled from another school district or revoke admission for students who have committed an expellable offense while under conditional enrollment in the District. In those cases, the Student Discipline and Expulsion Support Unit (SDES) will refer those students to the Los Angeles County Office of Education (LACOE) for enrollment.

#### **GUIDELINES:**

All students who attend public schools in California are subject to the expulsion laws provided in the Education Code. The legal mandates and District policies set forth in this bulletin apply to all students of the District and to all K-12 schools, including regular and alternative school programs, such as community day schools, continuation high schools, and alternative education work centers. All local district and school-site expulsion policies, codes, and procedures, including those determined by local school governance councils, shall be consistent with the policies and practices set forth herein. Every student who is expelled must be provided an alternative educational placement before and during the term of his or her expulsion. English Language Learners, students who receive special education services, and students in grades K through 6 who are expelled may, in some cases, be assigned to regular schools during their terms of expulsion.

#### II. LEGAL AUTHORITY

- A. California Education Code (E.C.) section 48900 provides that the superintendent or principal of the school in which a pupil is enrolled may suspend or recommend expulsion for certain enumerated acts committed by the pupil. (Attachment A)
- B. E.C. section 48900 [s] stipulates that no pupil may be recommended for expulsion unless the pupil's misconduct is related to school activity or school attendance occurring within a school under the jurisdiction of the superintendent or principal or occurring within any other school district. The acts enumerated in E.C. section 48900 *et seq.* may occur at any time, including, but not limited to, while on school grounds, while going to or coming from school, during the lunch period (whether on or off campus), or during, or while going to or coming from, a school-sponsored activity.
- C. Pursuant to E.C. section 48918 [j], a pupil may be expelled only by action of the governing board in a public session. Prior to Board action, the pupil is not expelled.
- D. Pursuant to E.C. section 48900 [w], a student may not be suspended or expelled for being truant, tardy, or otherwise absent from school activities.

#### III. PRINCIPAL'S DISCRETION TO RECOMMEND STUDENT EXPULSION

E.C. section 48915 describes offenses for which principals are mandated to recommend student expulsion and those for which principals may exercise their discretion to determine whether or not an expulsion recommendation is appropriate.

A. Mandatory Expellable Offenses with No Principal Discretion (Attachment B, Category I)

The principal shall immediately suspend and recommend a student's expulsion if he or she determines that the student committed any of the following acts at school or at a school activity off school grounds:

1. Possessing, selling, or furnishing a firearm.

- 2. Brandishing a knife at another person.
- 3. Unlawfully selling a controlled substance.
- 4. Committing or attempting to commit a sexual assault or committing a sexual battery.
- 5. Possession of an explosive.
- B. Offenses Subject to Limited Principal Discretion (<u>Attachment B</u>, Category II)

The principal <u>shall</u> recommend a student's expulsion if he or she determines that the student committed one or more of the following acts at school or at a school activity off school grounds <u>unless</u> the principal also determines that expulsion is inappropriate due to the particular circumstance:

- 1. Causing serious physical injury to another person, except in self-defense.
- 2. Possession of a knife or other dangerous object of no reasonable use to the pupil.
- 3. Unlawful possession of any controlled substance, except for the first offense for possession of not more than one ounce of marijuana.
- 4. Robbery or extortion.
- 5. Assault or battery upon any school employee.

**NOTE:** Serious physical injury is defined as "an injury that requires substantial risk of death; extreme physical pain; protracted and obvious disfigurement; or protracted loss or impairment of function of a bodily member, organ, or mental faculty." (Paragraph (3) of subsection (h) of section 1365 of title 18, United States Code)

C. Offenses Subject to Broad Principal Discretion (<u>Attachment B</u>, Category III)

The principal has maximum discretion to recommend or not recommend expulsion when he or she determines that a student has committed any of the following offenses at any time, including, but not limited to, while on school grounds; while going to or coming from school; during the lunch period, whether on or off campus; and during, or while going to or coming from, a school-sponsored activity.

- 1. Caused, attempted to cause, or threatened to cause physical injury to another person.
- 2. Willfully used force or violence upon the person of another, except in self-defense.
- 3. Possessed not more than one ounce of marijuana (applicable to the first offense only) or possessed alcohol.
- 4. Offered, arranged, or negotiated to sell any controlled substance, alcoholic beverage, or an intoxicant of any kind, and then either sold, delivered, or

otherwise furnished to any person another liquid, substance, or material represented as a controlled substance, alcoholic beverage, or intoxicant.

- 5. Caused or attempted to cause damage to school or private property.
- 6. Stole or attempted to steal school property or private property.
- 7. Possessed or used tobacco or any tobacco products.
- 8. Committed an obscene act or engaged in habitual profanity or vulgarity.
- 9. Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia.
- 10. Disrupted school activities or willfully defied the valid authority of school personnel engaged in the performance of their duties.
- 11. Knowingly received stolen school or private property.
- 12. Possessed an imitation firearm. "Imitation firearm" means a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude it is a firearm.
- 13. Harassed, threatened, or intimidated a pupil who is a complaining witness or witness in a school disciplinary proceeding.
- 14. Committed sexual harassment (applicable to grades 4 through 12 only).
- 15. Caused, attempted to cause, threatened to cause, or participated in an act of hate violence (applicable to grades 4 through 12 only).
- 16. Intentionally engaged in harassment, threats, or intimidation against school district personnel or pupils (applicable to grades 4 through 12 only).
- 17. Made terroristic threats against school officials or school property, or both.
- 18. Offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- 19. Engaged in, or attempted to engage in, hazing.
- 20. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

### D. Additional Findings

For the offenses listed above in Section III B and III C., E.C. Sections 48915 [b] and [e] require that, in addition to the finding that the student committed the offense, the governing board, to expel, must also make one of the following findings:

- 1. Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
- 2. Due to the nature of the act, the presence of the pupil causes a continuing

danger to the physical safety of the pupil or others.

Therefore, the principal who makes the expulsion recommendation is responsible for providing the Expulsion Review Committee (ERC) with additional evidence that will support at least one of the <u>additional findings</u>, in addition to evidence substantiating the allegation that is the immediate cause of the expulsion recommendation. In the event the principal does not provide sufficient facts or information to support an additional finding, the ERC will not recommend expulsion (NRE).

#### IV. SCHOOL-SITE EXPULSION PROCEDURES

At the school level, only the principal is authorized to recommend a student's expulsion. However, the principal's designee may assist the principal in preparing expulsion cases. The following are steps the school principal or designee should take whenever a student is accused of an act for which expulsion may or must be recommended.

### A. Incident Investigation

As soon as the alleged incident occurs, the principal shall immediately investigate the matter prior to issuing a suspension, except when the principal has determined that an "emergency situation" exists. E.C. section 48911[c] defines "emergency situation" as one that constitutes a "... clear and present danger to the lives, safety, or health of pupils or school personnel."

The school principal must immediately contact the Student Discipline and Expulsion Support Unit (SDES) with regards to any student who is being considered for an expulsion recommendation to ensure that appropriate steps are taken. The school principal shall be responsible for each of the responsibilities delineated below.

- 1. Collect relevant information surrounding the incident.
- 2. Identify and interview witness(es) and the accused student.
- 3. Secure verbal and written statements from the accused student, victim(s), and witness(es) who observed the incident and may corroborate any piece of information obtained.
- 4. Review the appropriate pupil records, such as cumulative record, attendance, social adjustment report, and, when applicable, Individualized Education Plan (IEP).
- 5. Contact law enforcement, as applicable.
- 6. Maintain contact with law enforcement and proceed with the discipline process as appropriate.
- B. Misconduct Occurring at a School Other Than Student's School of Enrollment

If the misconduct occurred at or near a school other than the student's school of enrollment, the principal of the school where the incident occurred shall immediately report the matter to the principal of the student's school of enrollment. It is the principal of the student's school of enrollment who must determine whether or not to recommend expulsion. The principal of the

school where the incident occurred should, within three (3) school days, provide the other principal with the following:

- 1. Inter-office correspondence which describes the alleged misconduct.
- 2. Signed and dated written statements from the victim(s) and/or witness(es).
- 3. Any other information that may assist the school-of-enrollment principal in the investigation.

### C. Mandatory Notification and Reporting

#### 1. Notification of Law Enforcement

E.C. section 48902 requires that the school principal, <u>prior</u> to suspending or recommending the student for expulsion, notify law enforcement if it is reasonably suspected that the student committed any of the following acts:

- a. Assault with a deadly weapon (California Penal Code Section 245).
- b. Possession or sale of narcotics or a controlled substance or sale or delivery of a substance represented as alcohol, a controlled substance, or any intoxicant (E.C. Sections 48900[c] and [d]).
- c. Possession of a firearm(s) at a public school (California Penal Code Section 626.9).
- d. Possession of a dirk, dagger, ice pick, knife having a fixed blade longer than 2½ inches, folding knife with a blade that locks into place, razor with an unguarded blade, taser or stun gun, BB or pellet or other type of air gun, or spot marker upon the grounds of any school within a K-12 school district (California Penal Code Section 626.10).

If the student is arrested, or released to a peace officer, the school principal shall take immediate steps to notify the parent regarding the place to which the student is reportedly being taken. Prior to the release of the student to the law enforcement, the principal should obtain the name, badge number, and contact information of the officer taking custody of the student. This information should be shared with the parent. Efforts to notify the parent should be documented.

#### 2. Child Abuse Reporting

California Penal Code sections 11164 and following and LAUSD policy require that incidents of suspected child abuse be immediately reported. When an incident warrants this mandatory reporting, school personnel should adhere to the following procedures:

- a. Follow the child abuse reporting procedures as set forth in the BUL-1347.2, Child Abuse and Neglect Reporting Requirements.
- b. Notify the local law enforcement or child protective agency immediately.

**NOTE:** The LAUSD School Police Department is <u>not</u> a child protective

service agency and is not authorized to take reports or to investigate allegations of child abuse/neglect.

### 3. Mandatory Reporting of Student Misbehavior

Education Code section 49079 mandates that, for three years from the date of the offense, all teachers must be notified of students over whom they have supervisory control who have engaged in or who are reasonably suspected to have engaged in any of the acts enumerated in E.C. sections 48900 *et seq.* other than the use of tobacco. To ensure compliance with these mandates, the school site administrator/designee shall follow the procedures outlined in BUL-3927.2, Mandated Reporting of Certain Student Behavior.

### D. Student Suspension Prior to Expulsion

For a detailed discussion of student suspension policies and procedures including extending a student's suspension during the expulsion process, please refer to BUL-3819, <u>Guidelines for Student Suspension</u>.

### 1. Informal Suspension Conference

Prior to issuing suspension, the principal shall conduct an informal conference with the student. At this conference, the principal shall:

- a. Discuss with the student the details surrounding the charge(s).
- b. Provide the student the opportunity to respond to the charge(s) and to present a defense.
- c. Inform the student of the grounds upon which a suspension is based, if a suspension is warranted.

The principal's informal conference with the student prior to the student's suspension may be postponed if an "emergency situation" exists, as defined in Section IV. A.

#### 2. Issuance of Lawful Suspension

- a. A student should be suspended only when the principal determines that the student has committed one or more of the acts described in E.C. sections 48900 *et seq*. Such a determination should be based on an objective review of the facts relating to the alleged incident and should not be based on speculation, rumor, conjecture, or bias.
- b. A student may be suspended only one time per charge and for no more than <u>five (5) consecutive school days</u> at a time. The suspension may be extended if the student is being recommended for expulsion (*See Attachment C*). The student must be allowed to return to the school if an alternative school placement has not been made prior to the end of the student's suspension.
- c. A student may not be suspended in absentia. Therefore, when a student has been arrested or released to a peace officer, or has otherwise left the campus, the student cannot be suspended until and unless the student returns to school.

### E. Pre-Expulsion Conference

The law requires that expulsion cases be processed within statutorily prescribed deadlines and in accordance with generally accepted principles of due process. In furtherance of these principles, a decision to recommend expulsion may not be made until <u>after</u> the principal has concluded the pre-expulsion conference with the parent. If at all possible, the student should also be present. At the conclusion of the conference, if the principal determines to not recommend expulsion, appropriate alternative intervention should be implemented.

The pre-expulsion conference should be conducted in accordance with the following procedures:

- 1. The principal shall make every effort to contact the family, including by phone and by mail, to schedule the pre-expulsion conference. The principal shall conduct the conference and arrange for a second school official to be present as a witness. At the conference, the principal shall:
  - a. Inform the student and the parent of each applicable charge.
  - b. Provide the student and the parent with the opportunity to discuss the allegation(s).
  - c. Ask the student to respond, verbally and in writing, to the allegation(s) and provide the student opportunity to admit, deny, or qualify his or her participation and to present any explanation, justification, or other information relevant to the alleged misconduct.
  - d. Keep record of all pertinent comments made during the conference, particularly those made by the student or parent.
  - e. Advise the student and parent of their obligation to not engage in harassment, intimidation, or threatening behavior against potential witnesses.
  - f. Explain the expulsion procedure and the process of an interim placement should the principal recommend expulsion.
- 2. If student and parent do not attend the pre-expulsion conference, the principal shall:
  - a. Exercise all due diligence to reschedule the conference within a reasonable period of time and document in the student's yellow (E.C. 49079) discipline folder the details of each attempt.
  - b. Carefully review all information and documents gathered from the investigation of the alleged misconduct and meet with other administrators, staff, and witnesses, as needed.
  - c. If expulsion is warranted, proceed with the expulsion recommendation.
  - d. Mail to the parent's last known address copies of Grounds for Suspension and Expulsion (*Attachment A*), Summary of Student Expulsion Procedures (*Attachment D*), and the School Discipline

Policy/Student Code of Conduct.

- 3. At the principal's discretion, the suspension and pre-expulsion conferences may be combined and held as one.
- 4. When the accused is a student who has an IEP or a 504 Plan, the preexpulsion IEP or 504 Plan review meeting must be held <u>prior</u> to the preexpulsion conference.

### F. Expulsion Recommendation and Referral

Once the principal decides to recommend expulsion of a student, the principal shall:

- 1. Call the SDES office and make an official expulsion referral.
- 2. Notify the parent in writing of his or her decision to recommend expulsion. This notice should state clearly the specific charge(s) against the student and should be sent to the home via regular U.S. mail or may be mailed certified with return receipt.
- 3. Prepare the expulsion case materials for review, consultation and collection by an SDES staff member. (*See section H below*)
- 4. For a mandatory expulsion recommendation, forward a "Mandatory Expulsion Recommendation" memorandum to the LD Superintendent and Operations Coordinator. (*See Attachment E*)
- 5. For a non-mandatory expulsion recommendation, forward the "Non-Mandatory Student Expulsion" memorandum to the LD Superintendent and obtain his or her approval. (*See Attachment F*)

#### G. Interim Alternative Placement

#### 1. Immediate Placement

The law requires an immediate educational placement of a student as soon as the student's term of suspension has ended. To initiate and expedite the placement process, the principal should contact the AB 922 Placement Advisor as soon as the expulsion recommendation is made to the SDES office.

### 2. Notification and Forwarding of Documents

To refer a student for an interim placement, the principal must forward copies of the following documents to the AB 922 Placement Advisor:

- a. Cumulative record folder jacket(s)
- b. Student's grades-in-progress/current class schedule
- c. Suspension Pupil Accounting Report (PAR)

- d. CELDT scores, immunization records, and home language survey (For secondary students, printout of TR-04 and SSIS ID-01 fields 100-700)
- e. Social Adjustment Report or ID19

In addition to all these materials, the referring school must forward the student's discipline file to the receiving school.

- 3. When the AB 922 Placement Advisor is unable to provide an appropriate placement due to the student's language or grade level, the AB 922 Placement Advisor will collaborate with the LD Superintendent or designee to identify an appropriate placement.
- 4. The interim placement for special education students should be addressed in the student's pre-expulsion IEP meeting. Prior to the meeting, a call must be made to the Special Education Support Unit for an offer of FAPE. Interim placements for special education students are to be arranged by the referring school with the assistance of the Special Education Support Unit. (See Section VI. for procedures relating to the expulsion recommendation of special education students)
- 5. Officials making placements shall indicate "E.C. 49079" in the Comments section of the PAR.

### H. Preparation of Expulsion Case Materials

The principal should prepare the expulsion case documents and have them ready for collection by the SDES staff within five (5) school days from the date of the expulsion referral.

For all the non-mandatory expulsion cases, the principal shall forward the same case materials to the LD Superintendent for review along with the "Non-Mandatory Student Expulsion" memorandum.

**NOTE:** Documents obtained or generated during the course of the process are pupil records and great care should be taken to protect the confidentiality of these records. At no time should any record of student discipline be affixed to the student's cumulative record folder.

Questions regarding case materials should be directed to SDES staff. A complete set of case materials includes:

- 1. One copy of correspondence
  - a. Suspension PAR
  - b. Letter to the parent recommending the student's expulsion, in English and in the family's primary language. (See Attachment G for example.)
  - c. Notification of proposed expulsion recommendation to the LD Superintendent and designee. (See Attachments E and F for example.)
- 2. Original and one copy of
  - a. Administrative Statement

This is a memorandum prepared for the principal by the administrator assigned to the case describing the circumstances surrounding the incident and subsequent actions that led to the expulsion recommendation. (See Attachment H for example.)

- b. Written statements of the witness(es) and the accused student(s)
  - 1) These statements must be original handwritten statements that are signed and dated, and should include information sufficient to identify a person and to describe specific details.
  - 2) If the witness is too young or otherwise incapable of writing his or her own statement, or if the statement needs to be translated into English, a school official may write or translate the statement on the witness's behalf. The transcription should be exactly as dictated. (*See Attachment I.*)

**NOTE:** Student witnesses should be advised that they may be asked to testify at a hearing, and should be encouraged to give complete and accurate information.

- 3) The school may use the "Anonymous Sworn Declaration of Witness" statement for fear of reprisal, when applicable. (*For example see Attachment J and Section X. D. 2. for details*)
- c. Physical evidence and/or a photograph or photocopy of the evidence.

**NOTE:** Before law enforcement books the physical evidence into custody, the school shall always take a photograph or make a photocopy of the physical evidence alongside a ruler to show the scale.

d. Social Adjustment Report

The detailed account of the student's discipline referrals indicating the date, specific infraction(s), and behavioral intervention(s) received for each incident that took place for the duration of a minimum of preceding two years. (See Attachment K for example.)

If the student attended the referring school for less than two years, the referring principal must contact the previous school(s) and obtain the student's disciplinary records to include in the report. The report should also accurately reflect all the dates of the student's entering and leaving the school(s).

- e. Methods of communicating school rules. (See Attachment L for example.)
- f. The student's <u>original</u> elementary and secondary cumulative record folders and current check-out grades or most recent progress report. The school must keep copies of the cumulative records on site.
- I. Procedures of Reporting Incidents to the Office of Risk Management and Insurance Services

The principal should report incidents involving stolen or damaged school or private property as well as incidents involving causing physical injury to

another person to the Office of Risk Management and Insurance Services (ORMIS), in addition to the local law enforcement agency. Any questions regarding the reporting or the required paperwork should be directed to the claim representative of the ORMIS at (213) 241-3127. (See Attachment M.)

#### V. LOCAL DISTRICT SUPERINTENDENT RESPONSIBILITY

To ensure the District's compliance with the law and to protect the due process rights of students and parents, LD Superintendents are responsible for the proper implementation of all applicable student discipline policies, including, but not limited to, student suspension, opportunity transfer, and student expulsion.

For non-mandatory student expulsion recommendations made by the principals from their local district, the LD Superintendents should take the following steps to ensure alignment with the District's policies:

- A. Require school principals to immediately contact the LD Superintendent with regards to any non-mandatory student expulsion recommendation and to forward the case documents to the LD Superintendent for review within five (5) school days from the date of the expulsion referral.
- B. Review the case documents of each non-mandatory expulsion recommendation to determine whether or not the LD Superintendent is in support of the principal's recommendation. If any of the following findings is revealed in the review, the LD Superintendent should deny the referring principal's recommendation for expulsion:
  - 1. The school has no jurisdiction to discipline the student.
  - 2. The school's evidence does not substantiate the charge(s).
  - 3. The school has not fulfilled the requirement of additional findings.
- C. Ensure school's compliance with the federal mandates and District policy with regards to recommending expulsion for students with disabilities. (See Section VI. for details)
- D. Complete the Non-Mandatory Expulsion Recommendation memorandum and forward back to the referring principal and send a copy to the SDES office and, as appropriate, the Support Unit administrator with the result of the LD Superintendent's review. (See Attachment F.)
- E. Provide committee members for the ERC hearings upon the request of the ERC Chairperson.
- F. Resolve placement issues for each student throughout the expulsion process, including interim, NRE, and reinstatement placements.

#### VI. STUDENTS WHO RECEIVE SPECIAL EDUCATION SERVICES

The discipline of students who are eligible for special education services is governed by both Federal and State law. Students with disabilities are entitled to certain due process prior to the principal's decision to recommend expulsion, as well as throughout the expulsion process. Required IEP team members must convene a pre-expulsion IEP meeting in order to conduct a manifestation determination.

A. The Pre-Expulsion IEP Meeting

- 1. Contact the Special Education Support Unit and the SDES office to ensure a timely process and to secure an appropriate interim placement in the event that the IEP team makes the decision that such a placement is necessary.
- 2. Notify the student's parent(s) at least 48 hours in advance of the scheduled meeting. Parents are entitled to request a postponement of up to 72 hours and may decline to attend the meeting. Document all efforts to encourage their presence at the meeting (even participation by telephone if they cannot physically attend the meeting) and to sign the IEP. If the parent does not attend the IEP meeting, and/or sign the IEP, document all efforts to obtain the parent's signature and send the case forward to the SDES office.
- 3. The principal may unilaterally implement an alternative interim placement for 45 school days without regard to whether the misconduct is determined to be a manifestation of the student's disability if the student committed an infraction involving a weapon, drugs, or causing serious physical injury upon any person. (See Section III. B. for definition of serious physical injury)

### B. The Expulsion Analysis IEP

For directions in completing the Expulsion Analysis IEP, refer to the Special Education Policy and Procedures Manual, "Disciplinary Procedures for Students with Disabilities" dated July 2, 2007, and the Welligent Connection, Vol. 3, Issue1, dated July 25, 2007.

- 1. If the IEP team determines that the alleged misconduct <u>is</u> a manifestation of the student's disability, the expulsion process shall cease (except when the incident involves a firearm). The IEP team will address the behavior to prevent future recurrence of the misconduct by reviewing and modifying the current offer of Free and Appropriate Public Education (FAPE), and, if appropriate, recommend further assessment.
- 2. If the IEP team determines that the conduct is <u>not</u> a manifestation of the student's disability and that the student's IEP has been properly implemented, the expulsion process may proceed. The student is to continue to receive educational services per the IEP including behavioral supports, services and modifications to reduce the possibility of recurrence of the misconduct, and also to enable the student to participate in the general curriculum and to progress towards meeting IEP goals. If appropriate, the IEP team may recommend further assessment.

# C. Request for Assessment during Expulsion Process

The above safeguards may also apply to a student who has not yet been identified as a student with disability, but about whom the District had knowledge that the student had the disability <u>prior</u> to the incident. If an assessment is requested while a student is subject to discipline, the expulsion process should halt and the assessment is to be conducted in an expedited manner within the legal timeline in the educational placement determined by school authorities.

1. If an IEP team determines that the student is eligible for special education

services, the IEP team must discuss and document the manifestation determination and complete the IEP; the school immediately notifies the SDES office of the result. If the IEP team determines that the misconduct is a result of the student's disability, the school shall cease the expulsion process and explore alternative means of intervention (except when the incident involves a firearm).

2. If an IEP team determines the student is not eligible for special education services, or the misconduct is not a result of the student's disability, the expulsion process moves forward as described in this bulletin.

#### D. Due Process

- 1. If the parents disagree with the decision of the IEP team, the administrative designee shall advise them of their right to due process and afford them the procedures described in the REF-1410.3, <a href="Special Education Dispute Resolution">Special Education Dispute Resolution</a>, and notify the Due Process and the SDES offices immediately.
- 2. While the case is in due process, the student remains in the educational placement determined by the IEP team.

# E. Expulsion Analysis IEP Review Committee

The District's Expulsion Analysis IEP Review Committee will review each referred case for procedural and substantive compliance with IDEIA and California law. Based on this review, the Committee may recommend that the expulsion proceeds or that the case be closed at the school site. (See Section IX, A., 4.)

#### VII. STUDENTS WHO RECEIVE SECTION 504 PLAN SERVICES

A student who has a Section 504 Plan will be afforded the protections described in BUL-4692.0, <u>Section 504 and Students with Disabilities</u>.

A. A student with a Section 504 Plan may not be subjected to a disciplinary action which changes the student's placement for more than 10 days unless the Section 504 Team holds a "Link Determination Meeting" and determines that the behavior giving rise to the discipline was not linked to the student's disabling condition, nor was it a result of the District's failure to implement the Plan.

#### B. Link Determination

- 1. If the Section 504 Team determines that there is no direct link between the misconduct and the student's disability, and the behavior is not the direct result of the District's failure to implement the Section 504 Plan, the school may proceed in the same manner as it would with a student without a disability.
- 2. If the Section 504 Team determines that the student's misconduct was caused by or directly linked to the student's disabling condition, or that the misconduct was the direct result of the District's failure to implement the 504 Plan, school administrators should proceed as follows:
  - a. In most cases, the principal should not recommend expulsion.

b. The 504 Team must revise the Section 504 Plan, including updating the accommodations and/or developing or revising a Behavior Support Plan.

**NOTE:** If the student is using illegal drugs or alcohol, and is to be disciplined for use or possession of illegal drugs or alcohol, he or she loses the procedural protection provided by Section 504, including the requirement of the Link Determination meeting prior to the discipline.

### VIII. SEXUAL HARASSMENT, SEXUAL BATTERY, AND SEXUAL ASSAULT

#### A. Sexual Harassment

For students in Grades 4-12 who engage in sexual harassment, the principal has wide discretion in determining whether or not to recommend expulsion. Under California law, students enrolled in Kindergarten and grades 1-3 may not be suspended or expelled for sexual harassment. Other disciplinary actions or interventions should be taken, as appropriate.

Detailed information regarding sexual harassment may be found in BUL-3349.0, <u>Sexual Harassment Policy (Student-to-Student, Adult-to-Student, and Student-to-Adult)</u>. For assistance and technical support, contact the Educational Equity Compliance Office at (213) 241-7682.

# B. Sexual Assault/Sexual Battery

Any student who commits or attempts to commit a sexual assault or who commits a sexual battery <u>must</u> be recommended for expulsion, regardless of grade level. (See Attachment N for Penal Code definitions for sexual assault <u>and sexual battery.)</u>

C. Dual Reporting Responsibilities in Reporting Suspected Child Abuse and Responding to Sexual Harassment, Sexual Assault, and Sexual Battery

In some instances, sexual harassment, sexual battery or sexual assault may also constitute child abuse. Child abuse reporting procedures, sexual harassment policies and procedures, and disciplinary policies and procedures must be effected in a coordinated manner. If child abuse is suspected or alleged, a suspected child abuse must be reported immediately by first calling the local law enforcement agency that has the jurisdiction.

For detailed guidelines, refer to BUL-1347.2, <u>Child Abuse and Neglect Reporting Requirements</u>, and BUL-3349.0, <u>Sexual Harassment Policy (Student-to-Student, Adult-to-Student, and Student-to-Adult)</u>. For assistance and technical support, contact the LD Operations Coordinator or the Office of the General Counsel at (213) 241-7600.

#### D. School Investigation

Principals should adhere to the following procedures in investigating the offense of sexual assault or sexual battery:

- 1. Immediately advise the alleged victim, the accused student, and any other witness(es) to refrain from contacting each other in any way during the expulsion process.
- 2. Do not hinder or obstruct the investigation of law enforcement, which is a separate process from student discipline. However, the principal must proceed with the school's own investigation and issue the suspension at the conclusion of the investigation, as appropriate.
- 3. Provide counseling assistance and/or other resources to the victim, as appropriate.
- 4. Contact the parents of the alleged victim as soon as reasonably possible and follow up with a five-day notification informing them of the expulsion hearing, requesting their child's testimony at the hearing, and advising them of the rights of the complaining witness. (See Attachment O.)

#### IX. CASE CLOSED AT SCHOOL

- A. For discretionary expulsion recommendation, if the principal determines, after recommending a student's expulsion, to rescind the recommendation and close the case at school, the principal shall:
  - 1. Immediately inform SDES staff of the decision to rescind.
  - 2. Complete the Case Closed at School form (<u>Attachment P</u>) and forward it to the SDES office. A copy of this document should be retained at the school in the student's discipline folder.
  - 3. Inform the parent that:
    - a. The principal has rescinded the recommendation.
    - b. The student has the right to return to the referring school.
    - c. There is no further disciplinary action taken in the matter.
  - 4. In cases involving students who receive special education services, an IEP meeting must be convened to determine the offer of FAPE.
- B. If the LD Superintendent determines, after reviewing the school's expulsion case documents, to deny the principal's non-mandatory recommendation for expulsion:
  - 1. The LD Superintendent shall forward his/her decision with the "Review of Non-Mandatory Student Expulsion Case" memorandum (Attachment C) to both the referring principal and the SDES office as soon as possible.
  - 2. The principal shall complete, and then fax, the Case Closed at School form immediately to the SDES office.

#### X. THE EXPULSION HEARING

### A. Applicable Law

Education Code Section 48918 mandates that a pupil be invited to participate in a hearing to determine (1) whether the evidence supports the allegation(s) and (2) whether that pupil should and can be expelled. Therefore, an Expulsion Review Committee (ERC) hearing is conducted for each student who is recommended for expulsion unless the recommendation is rescinded by the principal. The expulsion hearing must be conducted in a manner consistent with the student's due process rights and must follow general rules of administrative procedure.

#### B. School Official's Presentation of the Case

At the ERC hearing, the school official designated by the principal will be required to present factual evidence, in the form of live testimony, upon which the expulsion recommendation is based. The school official should be prepared to:

- 1. Describe all allegations of misconduct upon which the expulsion recommendation is based.
- 2. Describe the alleged incident in which the accused student was involved and the circumstances surrounding the incident.
- 3. Describe evidence of providing due process.
- 4. Provide direct witness testimony and documentary evidence in support of the school's allegation and the school's investigation.
- 5. Provide facts or information in support of additional findings, when necessary.

#### C. Evidence

Education Code section 48918 [f] provides that an ERC may consider only the evidence that is adduced at the expulsion hearing. Therefore, it is the principal's responsibility to ensure that all necessary evidence is secured and made available for presentation at the hearing. If the school administrator is aware of any exculpatory evidence that excuses, justifies, mitigates, or suggests that the student did not engage in the misconduct, the administrator must present this evidence at the hearing as well.

In general, a student may not be expelled on the basis of written statement alone (*See Section X.D.2. below for information about the limited exception to this rule*). Failure to present credible direct evidence sufficient to support the recommendation for expulsion, or failure to comply with statutory deadlines or general principles of due process, may result in a determination of not recommended for expulsion (NRE).

#### D. Witnesses

1. The principal who recommends expulsion is responsible for making all arrangements for the presence of any witnesses who will testify on behalf of the school. If the witness is a student, the principal must:

- a. Obtain parental consent.
- b. Complete appropriate paperwork such as the fieldtrip slip.
- c. Arrange for transportation, if necessary.
- d. Arrange for an adult to supervise the witness(es), if necessary.

### 2. Anonymous Sworn Declaration of Witness

Any person who directly observes an incident, or is a victim of misconduct, should be strongly encouraged to come forward with testimony. However, participation by witnesses at expulsion hearings is voluntary. If a witness does not wish to testify due to fear of reprisal, it may be appropriate (in limited circumstances) to obtain an anonymous sworn declaration from the witness and use it in lieu of live testimony. The administrator assigned to the case should consult with the SDES staff, as early in the process as possible, for specific instructions regarding the use of such a declaration. (*See Attachment J.*)

The Anonymous Sworn Declaration of Witness may be used in lieu of live testimony when (a) the witness directly observes or is the victim of the incident and (b) the witness clearly articulates facts that would cause a reasonable person under similar circumstances to believe that some form of physical harm or severe retaliation would result should the witness testify or have his or her identity revealed.

#### E. The Expulsion Review Committee (ERC)

#### 1. Role of the ERC

The governing board of every district is responsible for ensuring a fair and impartial hearing process for students who are recommended for expulsion. Pursuant to California Education Code Section 48918, the governing board may appoint an impartial administrative panel of three or more certificated persons, none of whom can be members of the board or on the staff of the school in which the pupil is enrolled, to conduct the hearing. In the Los Angeles Unified School District, this panel is the Expulsion Review Committee.

### 2. Authority of the ERC

As an agent of the governing board, the ERC has the authority to determine, based on facts adduced at the hearing, that expulsion is unlawful and/or inappropriate. If such a determination is made, the Committee's decision to not recommend expulsion is final.

### F. Placement of Students Who Are Not Recommended for Expulsion

1. Students who are not recommended for expulsion by the ERC shall be returned to the referring school unless the school administrator can provide good cause, supported by facts, to deny such arrangement. In this case, the LD Superintendent, or designee, will review the evidence and make an appropriate placement. Such placement will be an authorized "District placement" by the LD Superintendent and the school of placement will

become the student's new "home school."

2. A student who is eligible for special education services will return to the school that recommended expulsion unless an IEP specifies a placement other than the referring school. This is also true for an offense involving a 45-day interim placement for weapons, drugs, or serious bodily harm after the 45 days have lapsed. Collaboration is essential between the Special Education Support Unit staff and the referring school staff in order to convene an IEP meeting as the student leaves the interim alternative placement.

#### XI. BOARD ACTION

Only the governing board has authority to issue an expulsion order. After receiving a recommendation from the ERC, the Board may order one of the following actions:

### A. Expulsion

- 1. Expulsion without Suspended Enforcement (Straight Expulsion) The student is expelled and the student is not allowed to attend any school or educational program within the LAUSD during the term of expulsion, except as precluded by law. In this case, the student is referred to the Los Angeles County Office of Education (LACOE) for a placement in a county school.
- 2. Expulsion with Suspended Enforcement The student is expelled and is allowed to attend a school or educational program within the LAUSD on a probationary basis, at the discretion of the District.

#### B. No Expulsion

The Board may reject the recommendation of the ERC and choose to not expel the student. In this case, the student will be referred to the LD Superintendent and the SDES Coordinator to ensure that the student is immediately reenrolled in the referring school, or in another comparable placement.

### C. Revocation of Suspended Enforcement

Students who have been placed on expulsion with suspended enforcement may have their suspended enforcement status revoked and be expelled outright (i.e., "straight expelled") if it is determined that, during the period of suspended enforcement, the student committed another violation(s) of the Education Codes section 48900. Procedures to initiate revocation of suspended enforcement include the following:

- 1. Initiate a student suspension, if applicable.
- 2. Contact the SDES to recommend revocation of suspended enforcement.
- 3. Contact the AB 922 Placement Advisor to discuss another alternative placement.
- 4. Follow the school-site expulsion procedures described in Section IV of this bulletin.

5. If the ERC decides to not recommend revocation of the suspended enforcement order, the student will be provided an educational placement at the discretion of the District.

# XII. ADMISSION OF STUDENTS EXPELLED FROM OTHER SCHOOL DISTRICTS

Students who are under current expulsion orders from other school districts and move to reside within LAUSD boundaries, whose parent(s) want to enroll their child in an LAUSD school, should be directed to call the SDES for the Statemandated admission process.

- A. An SDES staff member will conduct an intake and request necessary records from the expelling district.
- B. An ERC will conduct an admission hearing to determine whether the student poses a potential danger to either the students or employees of the District based on the documentary evidence and a face-to-face assessment of the student.
- C. If the applicant is a student with disabilities, an interim school placement in an appropriate setting according to the student's current IEP will be provided.
- D. When the ERC determines that it does not appear that the student would pose a danger, the ERC will recommend to the Board that the student be permitted conditional enrollment in an LAUSD school as described in E.C. sections 48915.1 and 48915.2.
- E. When the ERC can not make a positive determination, the Committee will submit its findings to the Board, with a recommendation to deny the student's enrollment in an LAUSD school. The AB 922 Placement Advisor will then refer the student to LACOE for placement in a County school after the Board action.
- F. If the student commits an expellable offense after enrolling in a District school with a conditional enrollment agreement, the school principal has the authority to refer the student to the SDES for violation of conditions of enrollment. The AB 922 Placement Advisor then refers the student to LACOE for placement in a county school.

### XIII. AB 922 POST-EXPULSION SUPPORT SERVICES

Pursuant to E.C. Sections 48916 and 48916.1 and Assembly Bill 922, the LAUSD established the Student Discipline and Expulsion Support Unit (SDES) to provide AB 922 mandated services and facilitate rehabilitation for all expelled students.

On the date the Board takes action to expel, the expulsion becomes effective. For all expelled students, a rehabilitation plan is developed, which may include, but is not limited to, improved behavior, attendance and academic performance.

If the Board orders to expel without suspended enforcement, the student is referred to the Los Angeles County Office of Education for enrollment during the period of expulsion. If the Board expels with suspended enforcement, the student is then allowed to remain in an appropriate educational program within the LAUSD.

During the term of expulsion, the parent may independently arrange for the student to enroll in other educational programs outside the LAUSD. The parent has the legal obligation to inform the new school/district of the student's expulsion status with the LAUSD.

### A. AB 922 Expulsion Support Services

The AB 922 Unit utilizes a multidisciplinary team of professionals, led by a Pupil Services and Attendance (PSA) Counselor, in collaboration with a Psychiatric Social Worker, Academic Counselor, and AB 922 Placement Advisor, who work closely with parents, students, District staff, and community agencies to assist students in achieving rehabilitation goals and to facilitate successful reinstatement.

## Core program services include:

- Facilitating appropriate and timely educational placements for all expelled students.
- 2. Conducting thorough student/parent intake assessments and developing rehabilitation plans.
- 3. Monitoring student attendance, behavioral, and academic progress.
- 4. Providing direct support services (e.g., Student Success Team meetings, individual and group counseling, crisis intervention, credit recovery plans, parent education, and school/home visitations).
- 5. Consulting, collaborating, and coordinating services with District staff and community agency personnel (e.g., Department of Probation, Department of Children and Family Services, Department of Mental Health, and the Los Angeles County Office of Education).
- 6. Conducting Reinstatement Reviews for students who have met eligibility criteria.
- 7. Recommending reinstatement, when appropriate, to the Board of Education and placing students in appropriate educational programs after reinstatement.
- 8. Providing ongoing services to students not recommended for reinstatement.

#### B. Successful Rehabilitation

#### 1. Reinstatements

- a. A student who has been expelled by the District may be reinstated <u>only</u> by action of the Board of Education.
- b. The AB 922 Counselor will assess the student's reinstatement eligibility by determining if:
  - (1) The student has met the conditions of his/her rehabilitation plan.

- (2) The student no longer appears to pose a danger to campus safety, other students, or District employees.
- c. When a student is eligible to be considered for reinstatement, the AB 922 Counselor will facilitate a Reinstatement Review Committee (RRC) meeting. If it is determined that the student has made sufficient progress and meets legal criteria, the AB 922 Counselor will recommend reinstatement to the Board. If the student is reinstated, the AB 922 Counselor will collaborate with the student, parent(s), and District staff in making an appropriate post-expulsion educational placement. This placement constitutes an authorized "District Placement." The AB 922 Counselor will also provide a Transitional Service Plan to be implemented by the placement school to support positive student outcomes.

**Note:** The RRC is formed to conduct a thorough assessment of the student's educational needs. Consequently, the placement identified through this process is deemed the most suitable placement. All schools under the jurisdiction of the LAUSD must adhere to the District Placement.

#### 2. Board Rule 2288

When a student is reinstated from a suspended enforcement expulsion, Board Rule 2288 provides that the Board shall permit either that the student return to the school of former attendance (unless the school principal can provide good cause to deny the student's enrollment), or that the student voluntarily attend another program of the District. Administrators who assert good cause in an effort to deny the student's reenrollment shall adhere to the following procedure:

- a. Notify the AB 922 Counselor and the LD Superintendent or designee, in writing of the claim of good cause no later than three (3) days after receiving notice of the student's District Placement.
- b. The LD Superintendent, or designee, will evaluate the circumstances and determine to either uphold or deny the school's request. Should the LD Superintendent, or designee, uphold the school's request to deny the student's enrollment, he or she will make an appropriate school placement and notify the appropriate AB 922 Counselor in writing of the student's placement.
- 3. Reinstatement to Magnet, Permits With Transportation (PWT), and Public School Choice (PSC) Programs

Eligibility to the Magnet, PWT, and PSC Programs is contingent upon a subsequent application. Students expelled from a Magnet, PWT, or PSC program may only reapply after all of the terms and provisions of the expulsion have been satisfied.

#### C. Unsuccessful Rehabilitation

At the end of the expulsion term, if it has been determined that the student has not satisfactorily met the conditions of the rehabilitation plan and/or continues to pose a danger to campus safety, other students, or District employees as determined by the RRC, the student will not be recommended for

reinstatement.

#### 1. Unsuccessful Reinstatements

The AB 922 Counselor will assess student progress and conduct the following:

- a. Modify the existing rehabilitation plan.
- b. Re-evaluate services and interventions.
- c. Determine if the student should be transferred to another educational placement.

#### 2. Transfer of Student to Another Educational Placement

Before a decision is made to transfer an expelled student, the school administrator should review the policies and procedures described in BUL-4478.0, Opportunity Transfer. The school should also collaborate with the AB 922 Counselor as well as the AB 922 Placement Advisor. In addition, if the student is receiving special education services, the Opportunity Transfer bulletin does not apply and an IEP meeting must be held and the new IEP must address the change of placement.

3. Students Not Recommended for Reinstatement (NRR)

The AB 922 Counselor will:

- a. Send written notification to the student's parent(s), stating the reason(s) why the student was not recommended for reinstatement (NRR), including a new reinstatement eligibility review date.
- b. Work with parents, school administrators, teachers, and other professionals to assist the student in successfully completing requirements for reinstatement.
- c. Monitor progress and provide ongoing services.

John Doe (DOB: 4/2/99), 7<sup>TH</sup> Grade

I hereby recommend the expulsion of John Doe, a 7<sup>th</sup> grade student at Urban Middle School because of my determination that:

On September 1, 2011, while on the campus of Urban Middle School, John Doe had a dangerous object (a locking-blade knife) in his possession. In addition, John threatened to cause physical injury to another student by brandishing the knife at him.

On September 3, 2011, a conference regarding this matter was held on the Urban Middle School campus. In attendance at this conference were myself; Judy Rivera, assistant principal; John Doe; Carol Doe and Roger Doe, John's parents; and Maria Juarez, office technician and translator. The incident in which John was involved was discussed thoroughly, and an opportunity was given to allow information on behalf of the student to be presented by the parties in attendance.

During the conference, John admitted that he had a knife in his possession. He denied threatening anyone.

Case materials will be submitted by the administration of this school to the Student Discipline and Expulsion Support staff for review by the Expulsion Review Committee.

On Tuesday, September 1, 2011, at approximately 11:30 a.m., David Lee, C-track dean, informed me that two students, individually and separately, had approached him during nutrition and reported that John Doe had a knife. In addition, one of the students said that John had threatened him with the knife, pointing it at him and saying he would "shank" him if he told.

I contacted Araceli Martinez, the school police officer, who assisted in escorting John to my office, where I saw her search John and recover a locking-blade knife from his pants pocket.

John told us he had the knife for protection. He said that several "gang-bangers" had threatened to "get" him. John also said that he had not pointed the knife at anyone, nor had he threatened anyone with it. Officer Martinez arrested John and transported him to the police station.

I called Carol Doe, John's mother, and informed her of what had transpired and where John was being taken. I asked Ms. Doe to call me to schedule a conference as soon as John was released.

Roger Doe, John's father, called me the next morning to tell me that John had been released and that they wanted to meet with me as soon as possible.

On Thursday, September 3, 2011 a pre-expulsion IEP was held. Present were the following people:

Michael Rose, principal
Judy Rivera, assistant principal
Cindy Shoe, school psychologist
Frank Hall, program specialist
Holly Smith, bridge coordinator
John Doe, student
Carol Doe and Roger Doe, John's parents
Maria Juarez, office technician and translator

The IEP team determined that John was properly placed at the time of the incident and that the incident was a not a manifestation of his qualifying disability.

Immediately following the pre-expulsion IEP meeting, I conducted a conference in my office. Present were the following people:

Michael Rose, principal Judy Rivera, assistant principal John Doe, student Carol and Roger Doe, John's parents Maria Juarez, office technician and translator

I reviewed the incident and provided an opportunity for John and his parents to respond to the allegation that:

On September 1, 2011, while on the campus of Urban Middle School, John Doe had a dangerous object (a locking-blade knife) in his possession. In addition, John threatened to cause physical injury to another student by brandishing the knife at him.

During this conference, John admitted that he had had a knife in his possession. However, he denied threatening anyone. Ms. Doe, John's mother, stated that if the school is a safe place, John would not have felt the need to carry a knife.

I suspended John from school for five (5) school days, effective September 3, 2011. We explained to the family that, due to the serious nature of the allegation, the principal might recommend that John be expelled from the District and, should that occur, we would send notification of this decision to them.

Near the end of the conference, I provided the parents with copies of Education Code Sections 48900 et seq. and of the District's Summary of Expulsion Procedures.

Finally, I told the family that, should the principal recommend that John be expelled, the AB 922 Placement Advisor would contact them to assign John to an interim educational placement pending resolution of the expulsion process, and I gave them the phone number for that office.
