### **Honoring Commitments**

To ensure accuracy for the over 1,200 employees who retired from the district since January 2007, LAUSD has committed to and is in the process of auditing their payroll information submitted to the appropriate retirement agencies. We choose to do this so that these employees can feel secure in knowing that their retirement activity is complete and accurate.

LAUSD would like to thank its retirees for their service to the children of this district. If you have any questions or concerns you may contact additional assistance through this email address: [payroll-retirement-deduction@lausd.k12.ca.us](mailto:payroll-retirement-deduction@lausd.k12.ca.us).
